# SENIOR FULL STACK DEVELOPER

For the ones, who need to identify their customers in a fast, secure and convenient way. And for those, who want to sign e-documents with legally binding e-signatures securely. We help companies to fight fraud, reduce costs and meet KYC, GDPR, and AML compliance and regulation requirements as well as enable digital channels & processes.

**MARK ID** is a one-stop-shop solution for QES (Qualified electronic signatures) based solutions & Identification (including Face ID, KYC & AML). Currently, on top of building further existing products we are as well cooking some innovation related with blockchain & other buzz words and are looking for talent in the essential team for us – Development team.

We're hoping that your senior qualifications help us to develop our products and scale our business above & beyond the borders of the Baltics, shape the way how thousands of people are using our products to make their life easier and last but definitely not least - participate in challenges with team members to win the "Stronghold Crusader" battles :)

**What you will do:**
- Work in a multi-functional, self-organizing team based on Agile principles;
- Participate in the planning, design & implementation of Products to develop functional, appealing and customers-beloved products;
- Troubleshoot application and code issues;
- Share your experience and best practices, give and receive code reviews;
- Develop and maintain the products end to end in line with "you built it, you own it" philosophy.

**What we wish you would have:**
- 3+ years of experience working in a team of developers on complex, sophisticated projects;
- Good PHP programming skills. Experience with other programming languages on top – would be an advantage;
- Experience working with Symfony framework, MySQL, Docker;
- Front-end development experience (React, Webpack, SCSS/SASS);
- Good problem-solving skills;
- Excellent collaboration, communication skills;
- Ability to win against Artūras in "Stronghold Crusader" (seriously, it seems impossible).

**What we offer:**
- Work with products that matter. To business and people. Because they make a business more transparent & legit and life easier when instead of being busy with the paperwork you can spend this time as you wish;
- A professional and supportive team that is keen on sharing their knowledge and spend time together;
- Opportunity to grow professionally;
- Office snacks & other perks;
- Remuneration which reflects your skill-set;
- Ability to work from home;
- Salary range 3000 - 6000 EUR Gross

*If we'll see there might be a match - we'll let you know!*
*Confidentiality is guaranteed.*

If you are interested in this offer, please send your resume to **marius.stonkus@markid.lt.**
